Introduction  
**ENRICH GLOBAL**  
at a glance

# What is ENRICH GLOBAL?

---

- ✓ **Non-for-profit international association** founded in 2020 by 12 public and private organizations based around the world.
- ✓ Registered in France (association loi 1901), headquartered in Sophia Antipolis, France
- ✓ Contributory, free-membership organisation

**12** Founding members | **38** members in **40+** countries | **3** new members joined in Y2024

# Mission and objectives of the association

ENRICH GLOBAL  
aims to **boost**  
**innovation-related**  
**international**  
**collaboration**

Build a future for innovation-related international collaboration

Contribute to the development of European scientific, technological and innovation excellence

Reinforce innovation competitiveness and internationalization and take European innovation global

For full details: see [bylaws](#)

# ENRICH GLOBAL

Non-profit international organisation, free membership

## Taking European innovation global

### SHARE OUR VALUES

Collaboration, sustainability, inclusion, open-mindedness

### MEET US

Social media, online summits, in-person events

### DISCOVER OUR ACTIVITIES

Thematic groups, working groups, committees, bringing together experts and world class actors

### JOIN US

To valorize collaborative European research and innovation on the international level

# 02. Taking European Innovation Global (and vice versa) through Thematic Groups

# ENRICH GLOBAL Thematic Groups

A vehicle to work together

---

- ENRICH GLOBAL's Thematic Groups **bring together members of the association, experts and world-class actors**, contributing to international research, innovation, and business collaboration, who share the vision to provide **a unique collaborative platform** based on best internationalisation practices
- Thematic Groups includes only the Members of the association (organisations) and (by invitation) the members of the members.
- **The Groups runs e-Communities of Practice, Expert Groups, International Fora...** with external participants (non EG- members) interested in the topic
- **Example of existing Thematic Groups run by the members of ENRICH GLOBAL:**
  - Climate Change and Sustainability
  - Health Innovation
  - Digital Innovation
  - Thriving cities and community resilience

Climate Change and  
Sustainability (CCS)  
e-CoP

# What is our CCS e-CoP all about?

## Climate Change and Sustainability connect PEOPLE

A **collaborative** platform based on best **internationalisation practices** driving **Solutions for Climate Adaptation and Sustainability** by exchanging knowledge and best practices

Dedicated to advancing, testing, and facilitating the market uptake of innovative solutions designed to tackle global challenges of climate change.

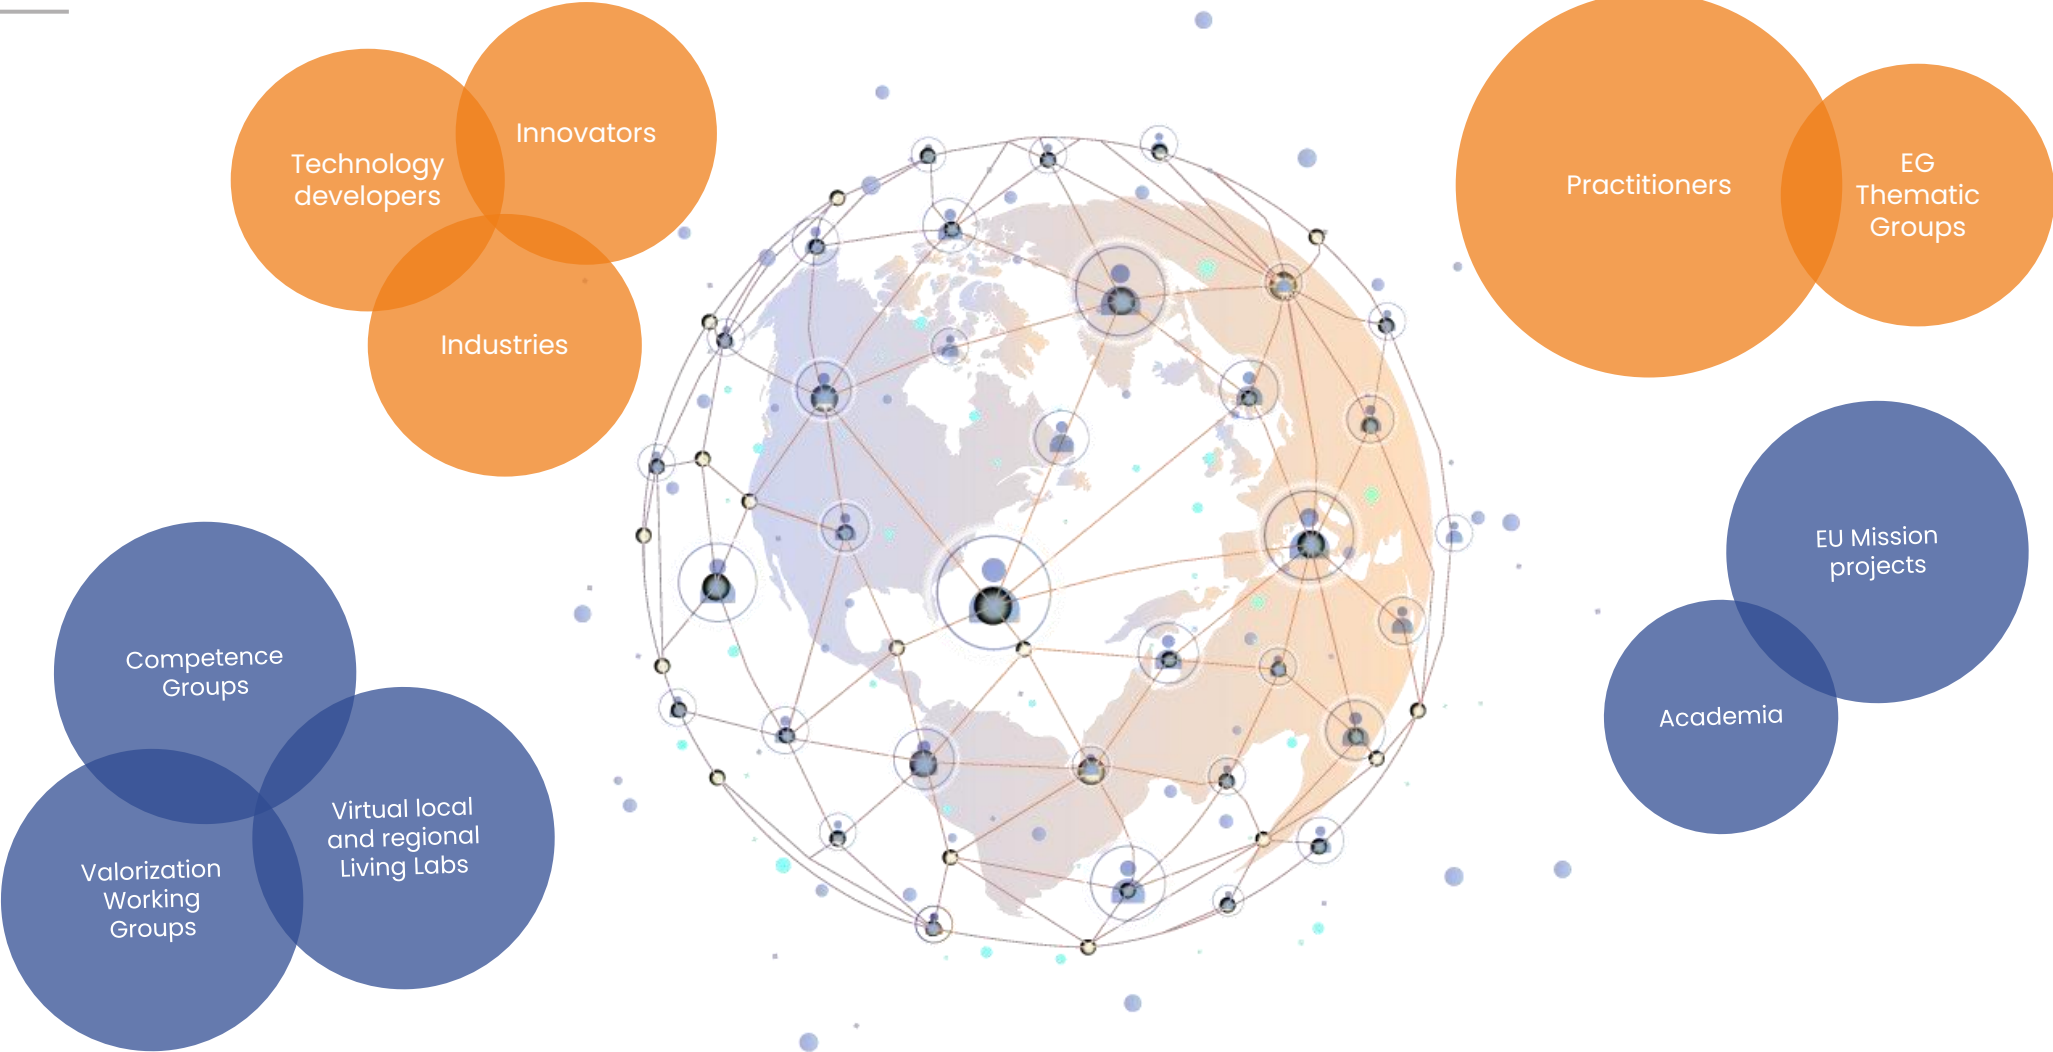

Focusing on creating a robust, cross-sectoral community of users who collaborate, share, and apply knowledge in real-world contexts.

Supported by ENRICH GLOBAL community platform (on-line):

- run by the CCS thematic group and thus by members of ENRICH GLOBAL
- participation in the e-CoP is open, free of charge for all relevant and interested stakeholders (persons not organisations) around the world

# Who are our e-CoP members?

**Problem owners and solution providers**

# EG CCS Group members (=members of ERNRICH GLOBAL) driving our e-CoP

# Why Climate Change and Sustainability e-CoP?

## 1. Connect

**To professionals and enthusiasts committed to climate action.**

Our community facilitates connections through three pillars: **Challenge – Location – Solution** across cities, regions, industries, and disciplines.

## 2. Learn and Share

Gain access to a wealth of **knowledge** through thematic topics and specialized sub-groups and competence groups.

**Share insights, learn from peers, and stay at the forefront** of your field with our **targeted webinars, training sessions, and demo presentations.**

## 3. Co-create & validate

Collaborate and innovate with other members by building upon existing **models, tools, and solutions.**

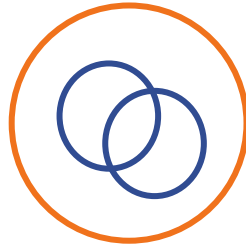

Our community encourages co-creation, **helping you to develop new projects and initiatives that can have a real-world impact.**

**Validate** developed models, tools, solutions and **prove your concepts.**

# Why Climate Change and Sustainability e-CoP?

---

## 4. Engage with Local Stakeholders

Reach out to and join **local virtual living labs and stakeholder communities** to **exchange best practices and implement solutions** in diverse environments.  
**Conduct surveys, needs assessment, co-create and validate** solutions, tools etc.

## 5. Exploit Mission Project Results

Utilize the research and outcomes of Mission projects to **enhance your work or kickstart new initiatives**.  
Our platform offers unique opportunities to link research with **policy and practice**, ensuring that scientific advances reach those who can benefit most.

# How it works?

1. Access to Competence Groups on different topics

2. Organise thematic sub-groups

3. Access to repository of policy briefs, frameworks, concepts, recommendations, innovation packages, lessons learnt

4. Make presentations and promote your climate solutions

1. Communicate with members one to one

2. Organise meetings

3. Publish your announcements and news

3. Get access to community of committed experts

1. Access to virtual Living Labs across Europe

2. Conduct surveys, needs assessment in a single place with data storage and retained respondents

3. Feed newsletters, make announcements, organise workshops, webinars, make presentations

For young experts - opportunity to advance professionally

Create strong competitive consortia

1. Organise and conduct online events retaining all participants on the platform

2. Co-organise online events with other EG TGs: Health Innovation, Digital Innovation, Thriving cities and community resilience

3. Attend events of other e-CoP members

4. Be invited as a speaker to members' events

1. Conduct peer reviews

2. Publish documents with enabled feedback

3. Make presentations and promote your climate solutions

4. Organise c—creation and validation workshops

1. Share knowledge and best practices

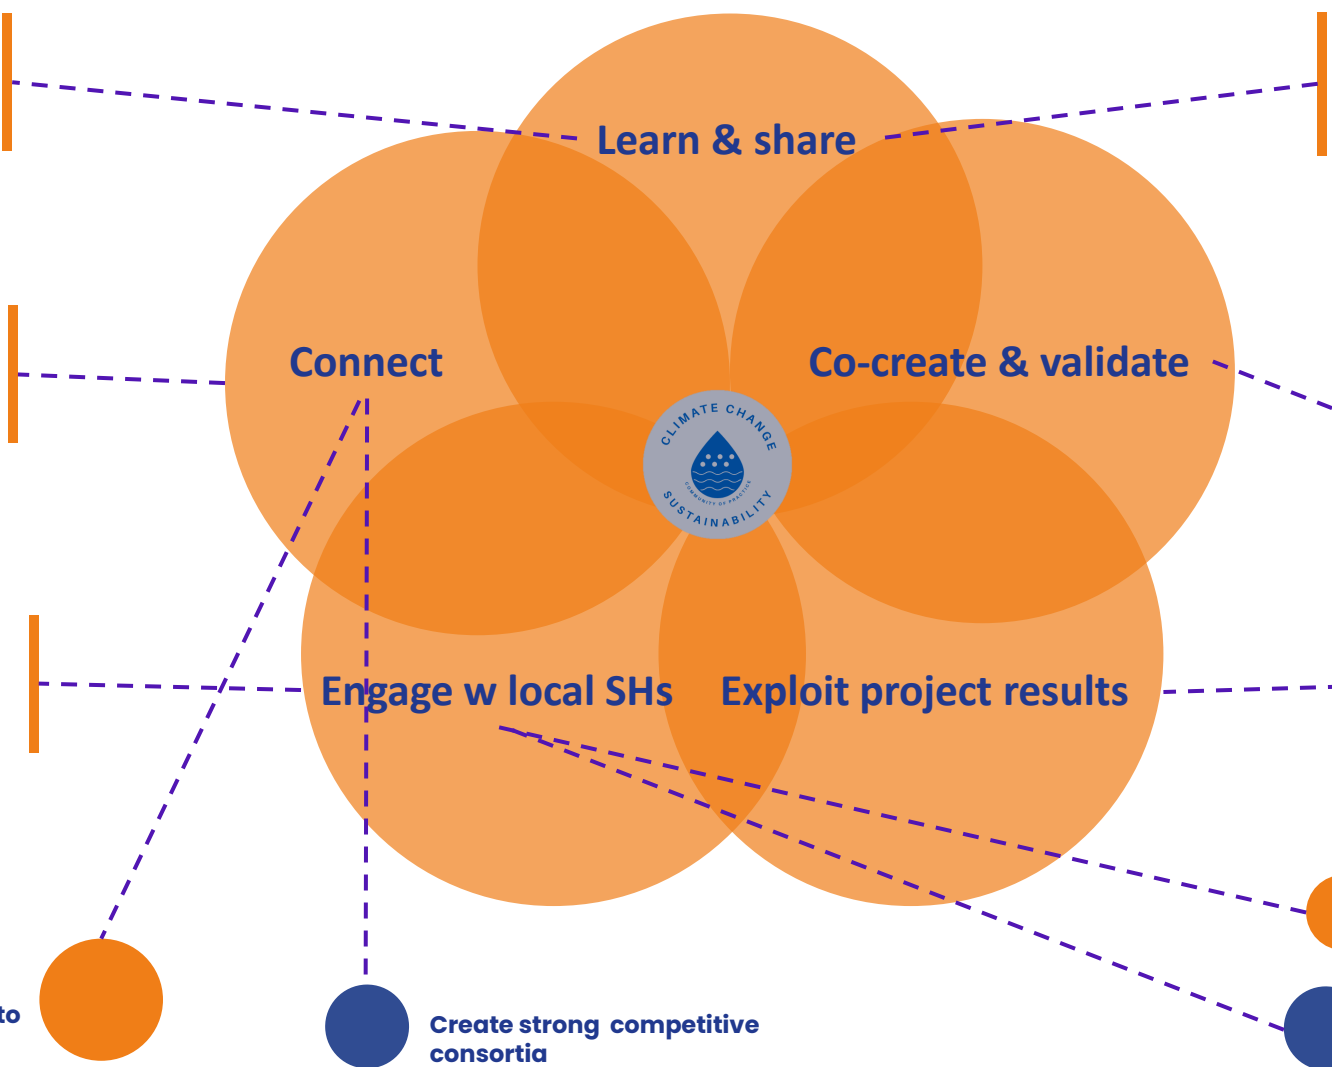

2. Multiply networking and build liaison partnerships

3. Disseminate project results

4. Maximise impact, exploitation and sustainability of project ER and KERs

5. Access local SHs across Europe through established e-LLs with active SHs

6. Transit project LLs to e-LLs

# Projects joined

9 case studies, 12 locations implementing 23 innovation solutions, 24 project innovations

Green and Clean Technologies

# ARSINOE legacy to continue

## 1 e-Living Labs

Retain, sustain and engage during the last year and beyond the project. Conduct survey on ARSINOE impact.

*Dedicated LLs channels: announce, invite, circulate newsletters, direct communication between members*

Interviews with all CS to assess needs

## 2 Online events with LLs

- Presentation of OTI innovations by innovators and CS leaders to LLs
- Presentation of Innovation Packages to ARSINOE LLs and CSs, NATALIE CSs and others
- Presentation of ARSINOE innovations to ARSINOE SHs and other projects

## 3 Promotion of ARSINOE innovations

- Publication of promotional videos, tutorials
- Publication of Innovation Packages, enabling responsive feedback
